5th Hong Kong Digital Entertainment Industry Fresh Graduate Support Scheme

Background

As one of the core sectors of Hong Kong's vibrant creative industries, the digital entertainment (DE) industry has been changing rapidly in the past few years. DE companies are more and more technology driven. The prevalence of social media and mobile platforms has driven new ways of operation and development. It has been a challenge for DE companies to recruit new talent who have limited relevant trade experience to meet the DE industry's technical needs and cope with the new business environment.

The Hong Kong Digital Entertainment Association (HKDEA, the Organizer) is pleased to organize the 5th Hong Kong Digital Entertainment Industry Fresh Graduate Support Scheme (Support Scheme) with staunch support and generous sponsorship from Create Hong Kong (CreateHK) of the Government of the Hong Kong Special Administrative Region. The Support Scheme has the following objectives:

- ◆ To subsidize and encourage local DE companies to employ and train fresh graduates and nurture the latter to become new blood of the industry;
- ◆ To pair up local fresh graduates and potential employers to facilitate the former to enter into the industry and be advised of the prospects in the DE industry; and
- ◆ To foster the development of the DE digital entertainment industry with more abundant supply of digital talent working in the industry

Scheme Outline

The Support Scheme aims to match up DE companies with graduates from the related disciplines for full-time employment (Graduate Employees). During the employment period, the companies will provide their Graduate Employees with on-the-job training.

A monthly subsidy of HK\$6,000 for a maximum of 12-month per Graduate Employee will be provided by the Support Scheme under the funding from CreateHK's CreateSmart Initiative (CSI) to the successful applying company ("Employing Company") to support the salary of the Graduate Employee under the Support Scheme. Up to 50 Graduate Employees will be subsidized in the two program years of the Support

Scheme.

The Support Scheme offers an online CV and e-portfolio platform which is open to all Employing Companies for recruitment purpose. Career and CEO / Master Talks, Professional Talks on New Technologies and a Study Tour to SIGGRAPH Asia 2023 will be also organized to help Employing Companies recruit graduate employees and to help train DE talent.

Application Procedures

- Interested companies (applying companies) should fill in the application form (e-form) from the Support Scheme's website (<http://www.gradsupport.hk>) and submit other required documents via the official portal by **17:00, 30 April 2022**.
- A Vetting Committee will review the applications based on the relevance of business nature of applying companies to the Support Scheme and their track record, as well as the effectiveness of the training program to be provided by the applying companies to the Graduate Employee(s) under the Support Scheme as outlined in the application form.
- Employing Companies will be notified of the application result together with a user password for accessing the online platform of the Support Scheme at the Support Scheme's website. The online platform will allow Employing Companies to post information on their job vacancies that could be offered under the Support Scheme and to review the applying graduates' CVs and e-portfolios.
- The monthly subsidy provided by the Support Scheme to Employing Companies for each Graduate Employee will be reimbursed to the companies on a quarterly basis upon presentation of proof of employment.
